

IONITHERMIE FACIALS

Energie Marine Clarity Facial

Clarify your skin with the infusing penetrating properties from the depths of the oceans. 104 trace minerals will envelope your skin leaving your face and neck clarified, remineralized and rejuvenated. Experience the calming benefits from the ocean depths with Energie Marine CLARITY Facial Excellent for men, sensitive skin and rosecea.

The Super Detox Facial is a deep cleansing and detoxifying facial. It utilizes the healing, regenerating and stimulating powers that come from the sea. The Energie Marine Mask contains freeze dried alginates rich in trace elements and minerals essential to the cellular function of the skin. This facial acts as a booster, waking up the skin leaving it purified, refreshed and revitalized.

This treatment can be recommended for all skin types. The benefits of the treatment include deep cleansing, stimulating the lymphatic microcirculation, remineralizes while boosting the cell metabolism, and encourages cell regeneration.

Revealing Collagen Lift

Reveal your skins true potential with this Collagen Boosting Facial 100% of Marine Collagen will be infused into your face and neck down to your clavicle for ultra hydration and plumping of fine lines and wrinkles.

This facial utilizes a mask made of 100% soluble collagen to create a luxurious, replenishing facial. The unique action of the Ionithermie machine enables us to penetrate the collagen deep in the skin providing visible results on fine lines and wrinkles as well as improving muscle tone and skin texture.

This treatment can be recommended for dry/dehydrated skin, sun damaged skin, prematurely aged skin, and mature skin. The benefits of the treatment include diminished fine lines and wrinkles, improved skin elasticity, deep rehydration, stimulation of cellular repair and renewal and firms and tones the facial muscles.

AGELESS Ionithermie Firming Facial

Will help you reverse the sands of time with this skin corrective lifting facial mask with electrodes placed on the area of concern increasing blood circulation and muscle tone.
